6. Pharmacy

The pharmacy is open daily from 8:00 AM to 10:00 PM. Emergency medications remain available 24/7. Patients should bring a valid prescription before purchasing prescription medicines.

The pharmacy is open daily from 8:00 AM to 10:00 PM. Emergency medications remain available 24/7. Patients should bring a valid prescription before purchasing prescription medicines.

7. Emergency Department

The emergency department provides immediate treatment for life-threatening conditions including heart attack, stroke, severe trauma, breathing difficulties, burns, and major accidents. Patients are treated according to medical priority rather than arrival time.

The emergency department provides immediate treatment for life-threatening conditions including heart attack, stroke, severe trauma, breathing difficulties, burns, and major accidents. Patients are treated according to medical priority rather than arrival time.

8. Insurance & Billing

The hospital accepts most major insurance providers. Patients should bring a valid CNIC or passport together with their insurance card. Self-paying patients can pay using cash, debit card, credit card, or bank transfer.
